REGULAR MEETING ~ MINUTES ~

Haymarket, VA 20169

Monday, January 14, 2013

7:00 PM

Council Chambers

A Regular Meeting of the Planning Commission of the Town of Haymarket, VA, was held this evening in the Board Room, Commencing at 7:00 PM

called the meeting to order.

1. Call to Order

Chair Robert Weir: Present, Councilwoman Rebecca Bare: Present, Commissioner Ed Robinson: Present, Commissioner Ralph Ring: Present, Commissioner Christopher Johnson: Absent.

2. Public Hearing

Open the Public Hearing to the public for anyone to speak.

B1 district. Town Code 58-176

All those in favor or opposition please come forward:

Cliff Blasius speaks on behalf of funeral home. Asking for permit of mortuary and funeral home. Building will be brick and keep with the charm of Haymarket. Meets all requirements by the ordinance. The grounds will meet requirements of the ARB. We want to be part of the Haymarket community. This is a personal service and a convenient location.

A fitting use of B1 property. There is nothing more personal than caring for a deceased family member. Traffic will not stack up. Would not disturb the neighborhood. It would also promote other businesses in town. Melanies Florist will benefit as well as local restaurants, and the gas station. Would appreciate a recommendation approval to permit.

Commissioner Johnson not here tonight. He did have some questions. We could hold hearing open until February and defer action until entire Board is here.

Mr. Foote speaks on behalf of the Funeral Home. This is solely a mortuary funeral home. Not a crematory.

Resident speaks from Greenhill Crossing, Sheridan King. 6801 St. Paul Drive. They moved here in 2003. What appealed to them was town was evolving into walking town. The concern with this business or any other closer to them, would appear to no longer make this a walking town for them. The sidewalks aren't good. We do have a safe area but the traffic standpoint is too dangerous. Traffic constantly backs up from the light at Jefferson all the way to her street. Walmart has dramatically increased traffic. So she does have parking concerns. If parking overflows, where does it go. Doesn't want people parking down their street. Traffic impact most concern.

Susan Zupan at 14942 Greenhill Crossing Drive. Agrees with what Sheridan expressed. Does take exception that traffic would be manageable. Traffic is not manageable now on 55. There are days now she can't get out onto 55 from the neighborhood. Major increase in volume of traffic as 55 used as a cut thru. Her question is, how does the Funeral home fit into the vision of a walking town of Haymarket? Knows a Funeral Home is necessary. It has an important job. As far as our vision how does it fit.

Hold hearing open until Feb 11th. Defer action until that date.

a. Public Hearing for Funeral Home Use - ZTA for the B-1 District

Deferred until Public Hearing is held and all applicable paperwork is in and reviewed.

9. Town Planner Report

2 applications came to the ARB. Rebuilding of Sheetz and refacing of McDonald's. ARB will look at style and aesthetics.

Ring says there are dramatic increases in lighted sign. McDonald's wants a swoosh on the sign. Not part of trademark but not negotiable.

Robinson asks what is the time frame? Sheetz gone to the ARB. Will submit plans soon. They will run pumps while building being done. Wants to do outside sit down area. It will be a larger footprint. Consolidate 2 canopies.

We did receive a site plan for soccer complex.

Haymarket Baptist Church. That was settled. Resubmitted along with rezoning. The church is split zoned. They want to expand chapel area soon. Weir asks if there was any thought to lot consolidation? Marchant says that's part of it. Would consolidate into 1 lot. Not expecting proffers or anything. Just resolve conflict. Got the preliminary plan approve. In final site plan now. Not much different than the preliminary.

There has been an interest in Robinsons paradise property to redevelop that site.

Not heard from PACE West.

Firehouse went out for RFI. Some put interest in it but we don't know the status of review. Marchant asked for a copy. Can't be provided to us would compromise those that put in. Involves offers of purchase.

Bare says make a request to the county. It would constitute a FOIA request. Someone from Council should respond to that. Bare will work on it.

Council has approved temporary occupancy from Snyder Baseball to move to the back. They've finalized contract with engineer. Moving forward soon.

Holly is here with any questions.

Weir asks when is Lowery back? No time frame. We have a company that is stepping in. Soil Consultants.

Weir says a resident approached him about getting an inspection for their basement. Weir will disclose to Clerk.

10. 1-Mile Development

- a. John Marshall Commons
No movement on that recently.
East side of town.

Weir ask if there has been any additional request from PWC for the Haymarket Elementary school?

Not yet. No courtesy comments on that yet.

Came before PC several months ago. Single family detached on Jordan Lane.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Rebecca Bare, Councilwoman
SECONDER:	Ed Robinson, Commissioner
AYES:	Robert Weir, Rebecca Bare, Ed Robinson, Ralph Ring
ABSENT:	Christopher Johnson

- b. Comprehensive Plan
Comp Plan on hold. As well as ZTA's and the CLG.

Weir report to Town Council on concerns with CLG regarding map. Everyone has information on it. Unless the Historic map is modified, CLG is dead in the water. Not recommend we act until that is answered.

Until we get an answer from Town Council to see if they would consider a reduction/modification of boundaries. Table ZTA and CLG until then.

No objections from commissioners.

- c. Zoning Text Amendments

INTEROFFICE MEMORANDUM

TO: MAYOR AND TOWN COUNCIL

FROM: MARCHANT SCHNEIDER, TOWN PLANNER

SUBJECT: APPLICATION TO AMEND THE ZONING MAP – TRUSTEES OF HAYMARKET BAPTIST CHURCH

DATE: 02-11-13

CC: STAFF

Jessica Sacksteder, on behalf of the Trustees of Haymarket Baptist Church, has submitted a Zoning Map Amendment Application to rezone approximately 0.69 acres from the B-1 Zoning District to the R-1 zoning district. At its February Meeting, the Town Council adopted a resolution of intent to amend the Town Zoning Map in consideration of the Church's request. Pursuant to Section 58-425 of the Zoning Ordinance, the Town Council forwarded the application to the Planning Commission for consideration. The Commission has 65 days from the first meeting after the item has been referred to forward the application to Council for action. The deadline for a recommendation by the Planning Commission is April 17, 2013. The Commission may recommend approval, denial, or further consideration.

BACKGROUND

The Applicant has submitted an application to amend the Zoning Map associated with Chapter 58 of the Town's Codified Ordinance (Zoning Ordinance) in order to rezone 0.69 acres from the B-1 Zoning District to the R-1 Zoning District. The application is being co-processed with the Haymarket Baptist Church – Building Addition and Parking Expansion Final Site Plan. The church complex currently consists of three parcels, two of which are zoned R-1 and the third zoned B-1. Consolidation of the three parcels is proposed in conjunction with the approval of the final site plan. The resulting lot would be "split-zoned" and problematic to develop due to minimum buffer restrictions between R-1 and B-1 zoning districts (25 feet). The rezoning would unify the church complex under one zoning district designation and resolve the buffer requirement. A justification for the application is attached.

As noted in the Town Council resolution, the Planning Commission is to consider whether the amendments are in furtherance of the public necessity, convenience, general welfare, and good zoning practice; to consider whether these amendments are consistent with the Town's Comprehensive Plan; to consider the impact of these amendments on the services, character, and needs of the community; and to prepare draft amendments for consideration.

Section 58-429 further states the proposed amendments shall be considered with reasonable consideration of the following matters.

- (1) Existing use and character of the area;
- (2) Suitability of the property for various uses;
- (3) Trends of growth or change;
- (4) Current and future requirements of the town as to land for various purposes as determined by population and economic studies and other studies;

- (5) Transportation requirements of the community and the town's requirements for parks, playgrounds, recreation areas, other public services, or the conservation of natural resources and preservation of floodplains; and
- (6) Conservation of properties and their values and the encouragement of most appropriate use of land throughout the town.

The Ordinance also states that the above considerations shall include but are not limited to comprehensive plans or their parts, capital improvement programs, relation of development to roads and construction programs, and the proximity of the development to utilities and public facilities.

STAFF REVIEW AND RECOMMENDATION

It is recommended that the Planning Commission give consideration of the above-mentioned matters for consideration, applicable land use policy, and R-1 Zoning District intent.

DRAFT MOTION(S)

- 1. I move that the Planning Commission forward the application to a future meeting for further consideration.

Or,

- 2. I move that the Planning Commission forward the application with a recommendation of [approval] [denial] based on the following findings: _____.

Or,

- 3. I move an alternate motion

JUSTIFICATION FOR REZONING HAYMARKET BAPTIST CHURCH

Record Owner: Trustees of Haymarket Baptist Church (“Applicant”)
Prince William County GPIN 7397-09-2472 (“Property”)
(Approximately 0.6998 acres)
August 9, 2012
Updated – January 23, 2013

The Property subject to this rezoning application consists of GPIN 7397-09-2472, having an area of approximately 0.6998 acres, as shown on the rezoning plat submitted with this application. The Property is located at 14820 Washington Street, to the north of the existing Haymarket Baptist Church building.

The Property is zoned B-1, Town Center District. The Applicant is requesting a rezoning to R-1, Residential District. A church with associated facilities is permitted in the R-1 district by-right. The other parcels associated with the church are all zoned R-1. As a part of the site plan process, the Church is consolidating all of its parcels, which includes the Property subject to this rezoning as well as GPINs 7397-09-1945 and 7397-09-3544.

The rezoning proposal is consistent with the Town's Comprehensive Plan, as follows.

- The church is part of a commercial/residential blend of uses east of the Town's Center.
- The existing church is listed on the Historic Building Inventory in the Comprehensive Plan. The existing church building will not change with this proposal and the rezoning will make the church's property more viable.
- The church provides parking for the Haymarket Day, which is consistent with the goal in the Comprehensive Plan that churches develop a program of shared parking.

A preliminary site plan was approved by the Town Council on February 19, 2008 for an addition to the sanctuary and related church facilities. Sec. 58-179 (b) of the Town Zoning Ordinance states that between commercial and residential properties "there shall be a landscaped buffer of not less than 25 feet at any property line adjoining residential uses." The Applicant is requesting this rezoning because a church is permitted by-right in R-1 and most of the church is also zoned R-1. With this rezoning, a 25 foot buffer between residential and commercial uses will not be required.

In summary, the Applicant is requesting this rezoning to consistently zone the church to R-1 and address the buffer.

MEMORANDUM

TO: CHAIRMAN AND MEMBERS OF THE PLANNING COMMISSION

FROM: MARCHANT SCHNEIDER, TOWN PLANNER

SUBJECT: [PUBLIC HEARING] - REVISED APPLICATION FOR ZONING TEXT AMENDMENT – MORTUARY, FUNERAL HOME USE IN THE B-1 ZONING DISTRICT

DATE: 02-11-13

CC: STAFF

The Planning Commission held a public hearing regarding the above-mentioned application on January 14, 2013. The public hearing was held open by the Commission until its February Meeting. Several members of the public spoke in opposition to the application noting, among other issues, traffic associated with such a use as well as perceived conflicts with the Town's goal to create a "walking town".

The Commission has 65 days from the first meeting after the item has been referred to forward the application to Council for action. The deadline for a recommendation by the Planning Commission is February 13, 2013. The Commission may recommend approval, denial, or may recommend draft amendments.

BACKGROUND

At its November Meeting, the Town Council adopted a resolution of intent to amend Chapter 58 of the Town Code (Zoning) to consider a Zoning Text Amendment Application to permit "Mortuary, funeral home" use by-right within the B-1 zoning district as well as permit "Crematory" use by special use permit. Pursuant to Section 58-425 of the Zoning Ordinance, the Town Council forwarded the application to the Planning Commission for consideration.

The application was submitted by John Foote on behalf of Cifford Blasius and McGraw's Corner, LLC, and is specific to establishing a mortuary, funeral home use at 14850 Washington Street; however, the amendment, which has been subsequently amended, would permit the proposed use by special use permit anywhere within the district (i.e. not limited to the site). A narrative explaining the proposal is attached.

The Commission reviewed the above-mentioned application at its December 2012 meeting. The Commission commented on the appropriateness of the use within the Town, the application's compliance with the Comprehensive Plan, traffic and parking associated with such a use, and compatibility with adjacent residential zoning districts. The Applicant noted the limited availability of such uses within the area and stated the use was similar to an office use with minimal impact and occasional traffic due to funeral services. The subject site can accommodate adequate parking. The Applicant requested that a public hearing be scheduled as soon as possible due to its purchase contract with the seller. Subsequent to the December meeting, the Applicant revised its application to remove "crematory" use and permit mortuary, funeral home as a special use in the B-1 Zoning District.

As noted in the Town Council resolution, the Planning Commission is to consider whether the amendments are in furtherance of the public necessity, convenience, general welfare, and good zoning practice; to consider whether these amendments are consistent with the Town's Comprehensive Plan; to consider the impact of these amendments on the services, character, and needs of the community; and to prepare draft amendments for consideration.

Section 58-429 further states the proposed amendments shall be considered with reasonable consideration of the following matters.

- (1) Existing use and character of the area;
- (2) Suitability of the property for various uses;
- (3) Trends of growth or change;
- (4) Current and future requirements of the town as to land for various purposes as determined by population and economic studies and other studies;
- (5) Transportation requirements of the community and the town's requirements for parks, playgrounds, recreation areas, other public services, or the conservation of natural resources and preservation of floodplains; and
- (6) Conservation of properties and their values and the encouragement of most appropriate use of land throughout the town.

The Ordinance also states that the above considerations shall include but are not limited to comprehensive plans or their parts, capital improvement programs, relation of development to roads and construction programs, and the proximity of the development to utilities and public facilities.

[Excerpts from the Comprehensive Plan and Zoning Ordinance relevant to the land area in question are included below]

STAFF REVIEW AND RECOMMENDATION

As offered previously, it is recommended that the Planning Commission give consideration of the above-mentioned matters for consideration, applicable land use policy, and B-1 Zoning District intent. It is also recommended that the commission continue to evaluate the impact and compatibility of the proposed uses to those uses permitted within the B-1 zoning district and those land uses that abut the B-1 zoning district. Lastly, it is recommended that the commission also review the applicable minimum off-street parking standards. Pursuant to Section 58-11(7), "For mortuaries and liquor stores, at least 10 parking spaces" are required. The Ordinance otherwise requires commercial buildings to provide one parking space for each 200 square feet of business floor space in a building (Section 58-11(9)). Should the Planning Commission consider the application further, it is recommended that Section 58-11(7) be removed from the Ordinance.

Regarding the Applicant's revised application, permitting a "mortuary, funeral home" as a special use within the B-1 Zoning District will allow for the assessment and mitigation of possible impacts of such a use on a case by case, site specific basis (i.e. traffic impact, screening, lighting, etc.). However, as noted during the December PC discussion, accommodation of an influx of attendees during funeral services could be problematic as no on-street parking is available on Washington Street. Specific to the subject site, the only opportunity for overflow public parking is on-street parking within Greenhill Crossing across Washington Street. Private parking is available at the adjacent animal hospital and Baptist Church, but use of these facilities is at the discretion of the landowner and only those spaces in excess of the Town's parking requirements could be used.

DRAFT MOTION(S)

1. I move that the Planning Commission forward the application to a future meeting for further consideration.

Or,

2. I move that the Planning Commission forward the application with a recommendation of [approval] [denial] based on the following findings: _____.

Or,

3. I move an alternate motion

COMPREHENSIVE PLAN

The B-1 zoning district encompasses a land area planned as two distinct land use patterns: Neighborhood/Town Center and Transitional Commercial. The Comprehensive Plan's guidance regarding the development of these planned areas is as follows (*excerpt from Chapter 3.4, Land Use Plan*):

“Continued scattered commercial development in the Town, with resultant problems such as parking, traffic congestion and noise, should be discouraged. To accommodate future commercial development the plan recommends that major commercial growth be limited to those areas designated as the Neighborhood/Town Center, Transitional Commercial and the Planned Interchange Park. These areas are located primarily along Washington Street which should be promoted as the Town’s “main street”. Consideration should be given to the addition of a restricted commercial district zone along Washington Street east of the Town Center to create a more cohesive mix of low intensity commercial uses either in existing historic structures or new structures consistent with styles that reflect a post-Civil War era.

Neighborhood/Town Center – Development of a center within the Town is proposed to provide a convenient focus for community activities and services such as neighborhood stores, offices and restaurants. A cluster of dwellings, stores, and local institutions has grown at the intersection of Washington Street and Jefferson Street as a result of convenient location, traffic flow, and nearby residential development.

Neighborhood/Town Center commercial areas with a visual connection of brick sidewalks and period street furniture.

Features of community development needed to strengthen Haymarket’s Town Center include:

- 1. Provisions for expansion of retail stores and offices serving Town residents in a manner consistent with an appropriate village character for the Center;*
- 2. Provision of additional off-street parking and loading facilities to serve commercial development, including a public parking lot to limit parking needs at individual sites;*
- 3. Preservation of architecturally significant structures including older residential and commercial structures as well as the Old Town Hall and Old Post office buildings;*
- 4. Beautification activities including additional landscaping, new street furniture (lights, benches, trashcans) and brick sidewalks;*
- 5. The elimination of distracting signs;*
- 6. Repair and improve maintenance of sidewalks serving the residents adjacent to the Town Center;*
- 7. The construction of new structures that are carefully integrate with older, existing buildings and do not overpower the existing Street-scape or pose a threat to the center’s character.*

Transitional Commercial – The Plan calls for low-intensity commercial uses to serve as a distinct transition between low and moderate density residential areas and high intensity commercial uses within the neighborhood/Town Center and Planned Interchange Park. Conversions of existing residential structures to commercial uses are encouraged and should continue the open, small town atmosphere and sense of place. New structures or additions to existing structures should be permitted under the guidance of the Architectural Review Board and should take into account the impact of parking, lighting, and screening requirements of commercial uses when adjacent to planned residential areas. A zoning ordinance amendment implementing this land use area is anticipated following the adoption of this plan.”

B-1 ZONING DISTRICT – PURPOSE AND INTENT

Section 58-176 of the Zoning Ordinance states the intent of the B-1 zoning district as follows:

“The town center district B-1 provides primarily for retail shopping and personal services uses to be developed either as a unit or in individual parcels oriented to attracting pedestrian shoppers, tourism and local convenience. Recognizing the economic value of the existing historical area, it shall further be the intent of the district to encourage the retention and rehabilitation of structures and uses in the district that have historic and/or architectural significance. The range, size, hours of operation, lighting, signs and other developmental aspects of permitted uses may be limited in order to enhance the general character and historic nature of its compatibility with its residential surroundings.”

Mr. Marchant Schneider, Town Planner

Haymarket, Virginia 20168

Re: Application for Zoning Text Amendment

Dear Messrs. Swearingen and Schneider:

This firm represents Clifford Blasius and McGraw's Corner, LLC, in connection with their request that the Planning Commission and Council consider amendments to the Town's Zoning Ordinance that would permit construction of a funeral home in the Town's B-1 District. McGraw's Corner is soon to be under contract to acquire a property in that District. As you can see from the draft of that contract attached, purchase would be contingent upon approval of zoning text amendments to permit the desired use of the property.

Mr. Blasius has long and successful experience in this essential business. Most recently, he was the owner/manager of the Blasius-Baker Funeral Home in Old Town Manassas, adjacent to residential and commercial uses, where he operated for many years until he sold that company. He wishes to re-enter the business, and after much analysis has determined that the need for the services of a funeral home is greatest in the Gainesville/Haymarket area. There are, indeed, presently no such facilities in the area.

For purposes of comparison, most jurisdictions in which this firm works, including as examples Prince William, Stafford, and Fairfax Counties, the cities of Manassas and Fairfax, and the Towns of Occoquan, Herndon, and Front Royal permit funeral homes as a use by right in one or more of their commercial districts, in recognition they are business operations with minimal impact on a locality, and that are fundamentally identical to other business uses.¹ They present no adverse effects on surrounding businesses or residences, and increase the taxable value of the

¹ We note that most Virginia jurisdictions appear to use the term "funeral home," rather than "mortuary." The terms do not have a significant difference in meaning, and both are proposed in the text provided.

real property on which they are located. They are, in short, good neighbors providing a service that, unless the laws of nature have been repealed, all need in the fullness of time, and that are participating taxpayers and citizens.

The application submitted proposes the addition of the necessary definitions, and the inclusion of the appropriate uses, including the inclusion of a crematory as a special use, it should be understood that the applicant does not propose a crematory and has no present plans for such a facility. Because such services are today often associated with funeral homes, however, we suggest that the Town consider providing for them but only by special use permit.

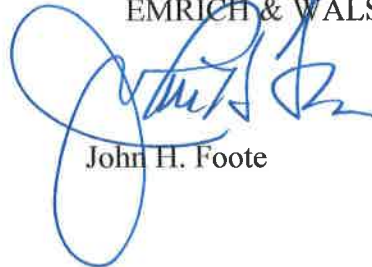

We also note that although the current Town Zoning Ordinance does not provide for funeral homes, mortuaries, or crematoria, there is, interestingly, a provision in § 58-11(7) of the Ordinance regulating minimum off-street parking for mortuaries, requiring at least ten parking spaces.

Because we have had long experience in the development of ordinance amendments, we are also attaching for the Council's convenience a proposed initiating resolution that comports with the requirements of Virginia law for the commencement of the zoning text amendment process.

We are pleased to submit this application on our clients' behalf, and pleased as well to discuss this with you, the Commission, and the Council. We appreciate the Town's cordial consideration of this proposal.

Very truly yours,

WALSH, COLUCCI, LUBELEY,

(Ord. of 2-20-1989)

Sec. 58-423. Conflict of interest.

When a zoning application is filed by a property owner, such petition shall be sworn to under oath before a notary public, stating whether any member of the council or the commission has an interest in such property, whether individually, by ownership of stock in a corporation owning such land or by partnership, or whether a member of the immediate household of any member has such interest. For the purpose of this section, own or have any interest in shall mean being a holder of ten percent or more of the outstanding shares of stock in or serving as a director or officer of any corporation owning such land, directly or indirectly, by members of his immediate household.
(Ord. of 2-20-1989)

The commission shall not recommend nor the council adopt any plan, ordinance or amendment, change in district boundaries or classification of property until the notice and public hearing requirements as required by the Code of Virginia have been satisfied.
(Ord. of 2-20-1989)

Sec. 58-425. Review and action.

- (1) In accordance with Code of Virginia, tit. 15.2, proposed amendments to this chapter, changes in district boundaries or classifications of property shall be referred to the planning commission for its recommendation. The commission, in review of the proposal, shall consider the nature of the request, its consistency with the comprehensive plan, and the impact of such request on the services, character and needs of the community. Any request submitted to the planning commission must be forwarded to the council for action within 65 days of the first commission meeting of which the request appeared as an agenda item. Failure of the commission to act within 65 days shall be deemed no recommendation by the commission, and the town clerk shall forward the request to the council for action. The commission and the town council shall each hold at least one public hearing prior to the council's action. Such public hearings may, with the consent of both

bodies, be held during a joint session when advertised in accordance with section 58-424. The town council shall render a decision on an applicant's request not later than one year after the date the application for amendment was filed with and accepted by the town clerk.

- (2) All requests must be accepted by the town, in accordance with all land use policy memos, a least twenty days prior to the next regularly scheduled meeting of the planning commission to appear as an agenda item at that meeting.
(Ord. of 2-20-1989)

Sec. 58-426. Limitation on refiling of petition following denial.

Upon denial of any petition to change a zoning district, no further petition concerning any or all of the same property for amendment to the same zoning district as applied for in the petition denied shall be filed within one year of such denial.
(Ord. of 2-20-1989)

Sec. 58-427. Withdrawal of petition.

An application for an amendment may be withdrawn at any time; provided that, if the request for withdrawal is made after the notice of public hearing, no application for the reclassification of any or all of the same property shall be filed within six months of the withdrawal date. There shall be no refund of fees in the case of a withdrawal.
(Ord. of 2-20-1989)

Sec. 58-428. Deferral upon request of applicant.

Nothing in this article shall deny the applicant the consideration to request deferral of his petition. However, any request for deferral must be submitted in writing nine days prior to any scheduled meeting or public hearing affecting the application in question; and the commission or council, upon receipt of such request, must agree that such deferral may allow for the production of substantial information affecting the appropriateness of the request with the comprehensive plan.
(Ord. of 2-20-1989)

Sec. 58-429. Matters to be considered in reviewing proposed amendments.

Proposed amendments shall be considered with reasonable consideration for the:

- (1) Existing use and character of the area;

- (3) Trends of growth or change;
- (4) Current and future requirements of the town as to land for various purposes as determined by population and economic studies and other studies;
- (5) Transportation requirements of the community and the town's requirements for parks, playgrounds, recreation areas, other public services, or the conservation of natural resources and preservation of floodplains; and
- (6) Conservation of properties and their values and the encouragement of most appropriate use of land throughout the town.

These considerations shall include but are not limited to comprehensive plans or their parts, capital improvement programs, relation of development to roads and construction programs, and the proximity of the development to utilities and public facilities.
(Ord. of 2-20-1989)

Sec. 58-430. Conditions as part of rezoning or zoning map amendment.

A landowner may voluntarily proffer in writing reasonable conditions, prior to a public hearing before the council, in addition to the regulations provided for the zoning district or zone by this chapter, as a part of a rezoning or amendment to a zoning map, provided that the rezoning itself gives rise to the need for the conditions, such conditions have a reasonable relation to the rezoning, and all such conditions are in conformity with the comprehensive plan as defined in Code of Virginia, § 15.2-2223, as amended. Once proffered and accepted as part of an amendment to this chapter, such conditions

shall continue in effect until a subsequent amendment changes the zoning on the property covered by such conditions; however, such conditions shall continue if the subsequent amendment is part of a comprehensive implementation of a new or substantially revised zoning ordinance.
