Trolley Grant Application

Current year trolley application has not been considered by the Town. However, the next year FY11 we would need to make grant application, however, we do require a resolution from the council to support this application. Grant is \$125,200. Last year's grant application included the purchase of the equipment that is why FY11 is significantly less. Mayor would like the minutes to reflect that Senator Colgan is disappointed that the Town Council did not support the Trolley for FY 10, no funds have been expended by the Town for the Trolley in any way. Mayor encourages supporting the grant application. There is no cost to apply.
