Jockey Club Lane

The number of the children is his concern. He loves the neighbor. He does not have a problem with a Day Care Center, it's the traffic. Traffic is during the times that children are walking to the bus stop. It continues through the day and into the evening. He is opposed to it.

Leake asks that the SUPs be placed on the agenda for Planning Commission's next meeting.

Landwehr motions to adjourn the public hearing, Gillin seconds;

Matthew Gallagher asks that we reference his comments during the PC hearing.

Procedure for the Town should be to hear the application, then back to TC. Can be conditional approval

**Place on Checklist add HOA section to complete the process of the in-home business application.

Citizen's Time

Linda Landwehr-Fayette Street

Thanks Council & Gene for no-thru truck sign

Doc Keane

Discusses Robinson's Paradise

He is asking for the Town's position on rezoning Robinson's Paradise, around 5,000 square feet.

It is an allowable use in the R1. This property is R1 in the Comprehensive Plan. The Town

Attorney recommends a Comp Plan amendment as well as a rezoning.

Gloria Artz asks for direction on what she should do next.

Mayor recommends she start with the HOA and attend Monday's PC meeting.

Mayor explains that we spoke with VRS and had a presentation from them

Weir motions to add to the agenda discussion of the Transitional Commercial District
JCB thinks we should look at what goes into the buffer, not the size of the buffer. Development standards you want everything close together, but you want to block light to the adjacent homes. Facades can face the front.

**Add commercial transitional zoning district to January agenda

Treasurer's Report

Reminds everyone of Wednesday night budget work session.

Town Manager

VDOT, there is another step in the appraisal process that we were not aware of. We have to hire an appraiser to review the work of the appraiser. Expense is reimbursable by the SAFETY-LU grant. Mayor would like to see what time frame is involved in this. **Weir asks that we call Occoquan to see if they are going through this as well.

Zoning Issues

Verizon will be appearing in court this Thursday. Mayor asks if there was a previous approval.

Met today with the consulting firm for a transportation study. Draft to be complete by December 22, 2008. There is a round of grant funding that must be in by February 2009.

DEQ MOA

The Town will be required to hold public hearings prior to signing an MOA

Cable Franchise Agreement

Hearing has been held. There are two franchise agreements. One from the Town Attorney and one that Verizon will sign. There is a grant that Verizon will fund for our own channel. They would pay the grant amount to the extent that any other cable provider would pay. Another issue is they agreed to provide service to any number of town buildings. JCB's has no limit.

Weir motions to authorize termination of Comcast services effective February 28, 2009, Vazquez seconds;

Discussion: Mayor asks if council would like to review the differences.

Direct the franchise with Comcast and authorize the Town Attorney and Town Manager to take all necessary steps after that date to effect such termination, unless a new franchise agreement is reached before that time, or that the Mayor determines that satisfactory progress has been made on that agreement

Roll Call Vote: Vazquez, Leake, Edwards, Weir
