

The first of three public hearings to discuss the final application to HUD for \$367,500 to be applied to sewerage improvements in the Town was called to order at 8:10 p.m. June 11, 1979 by Mrs. Gilbertson.

Mr. Bernie Proctor of James C. May and Associates advised the Council of HUD's requirements for grant funds.

The \$367,500 applied for will pay \$167,000 toward construction and design, \$202,500 to pay 90 connection fees.

Questions raised by citizens and Council members at this hearing to be answered at a later time included the following:

Is EPA funding forthcoming? The Town has received nonnotification that their 75% funding has been committed to us.

Will GMSD fund the deficit of monies not covered by any other program?

Will those with incomes over the \$18,600 figure receive the \$2,250 connection fee?

Will the pump station now planned accommodate the Town's future needs?

Being no further business the hearing was adjourned at 9:35p.m.

Respectfully submitted,

Approved,
